FARMERS' BENEFIT.

Their Profits Have Rolled and Will Roll High.

The Chicago Inter-Island says: One of the sure results of the war between the United States and Spain will be the opening up of new opportunities for trade. It is most fortunate that coincident with this enlargement of commercial openings comes a most remarkable boom in agriculture. During the Civil War farmers of this country were paid high prices for their products, but it was in depreciated currency. Now the money paid them is gold or its equivalent. There is nothing fictitious about this boom.

A recent dispatch from New York to the Inter Ocean gave the results of a systematic inquiry on a broad scale into the present agricultural condition of the country. It seems that the receipts of our farmers for last year exceeded those of 1895 by just about a round billion of dollars. This is a good deal of "velvet" - enough, in fact, to pay off the national debt at the time General Harrison retired from the Presidency.

It is estimated that not less than \$100,000,000 of farm mortgages were paid off last year, or the same amount, substantially, as the aggregate of the \$600 and less subscriptions to the popular war loan. Each of these \$100,000,000 testifies to the boom in American agriculture, and is to be set down to its general credit.

The prospects for a year are good. Prices, especially in wheat, are not likely to keep up to the high water mark of last year, but as compared with other years it is reasonably certain that the range of prices will be high. The yield will certainly be good. From the Atlantic seaboard to the foothills of the Rocky Mountains the farmers have great reason to be serenely content with the turn in the tide of agriculture.

SECOND HILO SALOON.

Retail Liquor License Issued to Joseph G. Serrao.

Hilo has been worrying along from time immemorial with one liquor saloon. A visitor who was satisfied with the outside wetting the Hilo sky liberally bestows on both the just and unjust might have stayed in the town a month and not known there was even one saloon in the place. The establishment is a right smart distance away from the business heart of the town, and housed in a frontier-like cabin inconspicuous excepting for its miniature dimensions. Still a rangefinder is not needed to locate it, as it is on Front street and the route to Coconut Island. Yet remote enough it is from the active life of Hilo to make the thirsty kamaaina go to a restaurant for beer in preference. There is no license to sell intoxicants held by any restaurant, but that is a question that, as a judicial decision would say, "it is not necessary to consider in this inquiry."

For some time past it has been understood that the authorities were not averse to granting another liquor license for Hilo. There has therfore been keen competition to secure the prize. Wholesale houses were behind the individual competitors. Yesterday the license was issued from the Interior Office to Joseph G. Serrao, who has a good grocery business at Hilo. He will open a saloon on Waiuanue near Front street. It is his intention to fit the place up in good style, but whether he will stand behind the bar himself or put in an expert mixologist from the city is not as yet known. Mr. Serrao left for Hilo in the steamer Maui this morning.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by Benson, Smith & Co., General Agent.

CAMARINOS.

Military Storehouse.

The Lucas clock tower building, latterly known as the "Union Ice" building, has been subleased by the Hawaiian Electric Company to the United States Government. It is to be occupied forthwith as the office headquarters and storerooms of the local garrison commissary. All of the stock provisions and supplies of this military post will be stored there. The building is a shapely stuccoed brick structure, and has cold storage rooms from its former occupancy as an ice factory.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy. - C. L. Boggs, Stumptown, Gilmer Co., W. Va.
